HARDY GARDEN CHRYSANTHEMUMS

Rooted Cuttings

Shipment of rooted cuttings begins about March 1, continuing until mid-June.

Health Certificates signed by the State Entomologist are attached to all shipments.

Careful packaging, at no extra cost to the purchaser.

Carrying charges collect, usually by Express.

Orders for at least 25 of a variety and totaling not less than 100 in all, sold at 100 rates.

An especially thrifty crop of one-year clumps are being benched, and with recently enlarged and improved facilities, we expect to be in position to serve the trade efficiently through the coming Spring season.

HARDY PHLOX Liners

The production of Phlox Liners is one of our specialties, which item we expect to have in large supply for Spring 1948. Available from early April through the season until early June.

Furnished not less than 25 of a kind, at \$4.00 per 100.

Orders totaling 300 or more, at \$36.00 per 1,000.

No extra charges for packaging. Express charges collect.

AMERICAN BEAUTY. Near the same clear deep pink color as the Rose of the same name; flowers and panicles large; plants vigorous and sturdy. Medium height.

AURORA. Light salmon-pink beautifully rayed white. Medium height .

BORDER QUEEN. Bright clear pink; profuse blooming with extra large panicles and florets. Medium height to rather dwarf.

BRIGHT EYES. An attractive shade of lavender-pink with crimson centered florets. A strong grower of medium height.

CHIEFTAIN. A very deep crimson variety which does not fade or discolor. In popular demand. Medium height.

COMUS. Orange-vermillion with garnet eye, the general effect being deep bright pink; large heads of flowers. Rather dwarf.

COUNT ZEPPELIN. Pure white with vermillion-red eye; no suffusion of colors. Medium tall.

DAILY SKETCH. Salmon-pink with large carmine centered florets; tall.

HAUPTMAN KOEHL. Plants tall with large deep red flowers.

LILLIAN. Large panicles of beautiful pink flowers.

MOONLIGHT DREAM. This sturdy white Phlox has many laterals, affording a long season of bloom.

MOUNT HOOD. The florets are large, pure white in large broad clusters. Medium tall.

MIA RUYS. Flowers large, pure white; dwarf.

PINK CHARM. Bright clear pink with a scarlet sheen; many flowering branches. Medium height.

RUBY LEE. Plum-purple; large panicles and florets; a broad, strong growing plant.

STARLIGHT. Violet shading to lilac with star-shaped white centered florets. Medium height.

THOR. Deep salmon-pink with carmine-pink shadings; a tall vigorous grower.

ADONIS. This is our most recent introduction and in our opinion the best bright red Phlox to date. Visitors have accepted this new variety with enthusiasm. Its velvety shade of bright fuchsia-red; its large florets and tall strong stems command the eye from a distance. The flowers do not sunburn or fade in color.

Liners: \$8.00 per 100; \$75.00 per 1,000.

REDBIRD. Another of our recent originations of real merit. The color is crimson-red with deep red centered florets which adds to its attractiveness. The many florets are borne on well-branched sturdy plants of medium height. A suitable companion to Mia Ruys for fronting the border, being somewhat taller than the lovely dwarf white variety.

Liners: \$6.00 per 100; \$50.00 per 1,000.

HARDY PHLOX. One-year Field Grown.

Quality of the field grown stock which we offer will meet most critical requirements. Available for winter or Spring 1948 shipment, subject to being unsold upon receipt of order. Priced per 100, F.O.B. Wadron; 25 or more at 100 rates.

ASTER HARRINGTON'S PINK. Probably the most desirable of the hardy fall asters or Michaelmas Daisies. Broad heads of 1" bright pink flowers, growing about 2 ft. high. Spring delivery, 2¼" pot plants: \$10.00 per 100.

BLEEDING HEARTS. Winter propagated plants out of 2¼" pots: \$15.00 per 100.

HEMEROCALLIS—Lemon Lilies or Daylilies

FLAVA. Sweet-scented, clear lemon-yellow. 2 ft. May-June. Strong field plants: \$2.00 per 10; \$15.00 per 100.

HYPERION. The Amaryllis-like flowers are citron-yellow and delightfully fragrant. The finest pale yellow of all Daylilies; perfectly hardy in any soil or location. Its graceful arching foliage alone is handsome. Late July. Strong field plants: \$3.50 per 10; \$30.00 per 100.

J. A. CRAWFORD. Rich Apricot-yellow shaded light cadminum. Many flowers on 4-ft. stems. At its best in late June. Partial shade or sun. Strong field plants: \$2.50 per 10; \$20.00 per 100.

LYTHRUM. Morden Pink. Continuously in bloom through summer months. Numerous slender spikes of bright pink flowers. Grows to a height of about 4 feet. Attractive and useful. 2¼" pots: \$10.00 per 10; R.C. \$6.00 per 100.

VINCA MINOR. Bowles Variety. An excellent evergreen ground cover for shady locations. Flowers and foliage larger and more handsome than the common Trailing Myrtle. 2¼" pot plants: \$9.00 per 100; \$80.00 per 1000.
